

The Twits

We've started our year reading Roald Dahl's The Twits. We've already been learning to use correct adjectives to describe The Twits and we'll soon be carrying out some drama activities based on the book.

Maths Week Scotland

This year, Maths Week Scotland will be the 10th to the 16th of September. Maths Week Scotland is an initiative to help everyone in our nation see maths positively. During the week we'll be looking at lots of different types of maths and how they affect our daily lives.

Positive behaviour chart

In St Luke's, all classes have a positive behaviour chart. Children are rewarded for making the correct choices with their learning. If they reach the top of the chart by the end of the day the children are rewarded with either a small prize or a certificate to take home.

Parent helpers

I'm looking for some parents or family members to come into class and listen to the children read 1-to-1. If this is something you'd be interested in helping with please let me know and we can do our best to arrange it for a time that would be suitable for you.

Meet the teacher

A reminder that our Meet the Teacher evening is on Thursday 30th August at 6pm. I look forward to hopefully seeing you there!

Term 1
August 2018

Welcome to P3T!

Dear Parents and Carers,

Please see the attached information about our class for the coming term and year. If you have any questions please do not hesitate to contact me either in the playground after school or via a telephone call.

Kind regards,

Mr D. Tilmouth

PE kit

Please make sure that your child has a full PE kit in school all week. PE lessons are timetabled for Mondays and Tuesdays but this can change at short notice. PE kit will be sent home at the end of each term so it can be washed.

Indoor shoes and jackets

As we approach autumn and winter it's really important that the children have a pair of indoor shoes. This means they have dry foot wear to change into after break and helps to keep the inside of the school and classroom clean. Please also make sure that your child brings a waterproof jacket everyday as the weather can be quite changeable.

Labelling of clothes

Please ensure all of your child's clothes are labelled with their name and class including PE kit and shoes.

Specialist teachers

Mr Cook will teach PE to P3T on Monday and Tuesday afternoons. Miss Askew will teach the class music on Thursday afternoons.

Homework

Homework was given out for the first time on Monday the 27th August. Homework will be given out each Monday to be returned the following Friday. Each week there will be a numeracy and literacy task. There may also be a themed task but this may be set to be completed over more than one week. Each child has been given a red homework jotter for them to complete their homework tasks. If you are unsure about anything to do with homework please ask!

Our Town

Our topic this turn is Our Town. We'll be finding out about the history of Mayfield and we will be thinking about its future!

Science

Our science topic this term is electricity. We've already learnt to make simple circuits and we'll soon be learning how to make our own switches! Please talk to your child about the importance of electricity, where it comes from and why we need to stay safe around it.

www.switchedonkids.org.uk is a good website to help with this.
